1952. File No. Agri. Pests & Diseases II/52 (N)

Legal Deptt.

B BRANCH

Subject:— Notifications under the Bombay Agricultural Pests and Diseases Act 1947

[redacted] Pests & Diseases II/52 (N)

615-B

Legal Department.

The draft notification at page 5 ante is in order.

2. Two notifications under section 3 of the Bombay Agricultural Pests and Diseases Act, 1947, in respect of the locust pest were issued last year (vide A. & F.D. Notifications Nos. 881/27857-B and 881/27857, dated 20th July 1951 at pp. 171-173 of A. & F.D. File No. 881-B&VI). From the wording of clause (ii) of the said notifications the intention does not appear to giveany retrospective effect to the notifications. The notifications are dated 20th July and have been published in the Bombay Government Gazette dated the 26th July 1951. The date specified in clause (ii) should have, therefore, been any date after the 26th July 1951. The clause, however, specified the 1st July 1951 as the date from which the period of one year of declaration commenced. In view of these discrepancies in the date the validity of the notifiation at page 5 ante is proposed to be brought into force with effect from the 1st July 1952. To avoid any discrepancy in respect of the said notification it is suggested that the same may be issued and published in the Gazette before that date.
